

Quinte Regional Minor Hockey Association Rules and Regulations

1.0 History and Background

While the concept of Regional Hockey Associations had been around for some time, it was not until the late 1980's that hockey enthusiasts within the Quinte Region began to seriously consider this option. These knowledgeable individuals believed that there was a great deal of talent within our local communities and those players who wished to excel at hockey (either as a career or college goal or just wanted to experience it at another level) were being denied an excellent opportunity to experience the game at its highest level.

At that time, the OHF requirement for a "AAA" zone was a population base of approximately 200,000. While no single centre within our community had this base it was obvious that by creating a Quinte Region the local Associations could collectively achieve the requirements for a "AAA" zone.

In late March of 1990, after much work and planning, the first formal meeting was held to spearhead the regional concept. Two major proponents Rick Thompson and Darwin Hoskin rallied together the following Associations: Bancroft, Belleville, Brighton, Colborne, Deseronto, Frankford, Grafton, Madoc, Marmora, Napanee, Picton, Tamworth, Trenton, Tweed, and Wellington. This group of individuals representing all the local associations became the pioneers of Regional Zone hockey as at that time the OMHA had not yet approved the idea of Regional Zone Teams. Since its inception, Quinte, known as Quinte Regional Minor Hockey Association (QRMHA), has served as a model for Regional Zone Association and many other communities have followed its path. The OMHA now has accepted the concept and developed rules to govern Regional Zone Associations.

Originally the QRMHA (recognized province wide as the Quinte Red Devils) colours were red-green and white, chosen through adoption of the NHL team New Jersey Devils; at that time, it was easier to purchase equipment and uniforms based on NHL teams. Those colours were also chosen because no other association was using those colours. Since then, the New Jersey Devils changed their colours to red-black and the Quinte Red Devils have followed suit.

During the 1992-93 season the Zone was expanded to include Cobourg and teams began to play and practice out of there since 1993. Eventually the O.M.H.A adopted rules to govern the idea of Regional Zone teams.

During the 2016-17 season the Zone was expanded to include Port Hope.

10 Eligibility to Play at Higher Age Division

This policy is in place in conjunction with the OMHA Rules and Regulations for Eligibility to Play in a Higher Division (OMHA Manual of Operations 2024-25 Regulation 3.6 a) - ("OMHA Centres and Zones cannot prevent underage players from attending a tryout in the higher age division. Centres may establish criteria that players would be required to meet in order to play on a higher age division team.")

10.1 While QRMHA strives to provide players with the opportunity to play high quality and competitive hockey across all age divisions in the Association, it is acknowledged that occasionally a player may exceed the level of play of their birth year age group and may possess the capacity to play at a higher age level.

10.2 If a player wishes to try out for a position on a team above their age level, the player or a parent/guardian of the player must submit a written request to tryout to the QRMHA Administrator no less than 30 days prior to the start of tryouts.

10.2.1 The Board of Directors, in consultation with independent evaluator(s) will consider the request to tryout at the higher level.

10.3 If the player's request is granted, the player will register for tryouts for their current age group and the higher age group. Tryout fees for the current age will be waived. The player will pay a fee of \$100.00 per evaluator to QRMHA to cover that cost.

10.3.1 The independent evaluator(s) will consist of members of the Hockey community outside of the QRMHA Board of Directors, Coaches, and Parents and will be approved by the Board of Directors, in consultation with the Underage Player Eligibility Committee.

10.3.2 The panel of evaluators will assess the player according to the following criteria:

- If the player is a Forward, they must be assessed as one of the top five forwards on the higher-level team.
- If the player is a Defence, they must be assessed as one of the top three defence on the higher-level team.
- If the player is a Goaltender, they must be assessed as the top goaltender on the higher-level team.

10.4 If the player is released from the higher age group tryouts, they are eligible to join the tryouts of their birth year age group and will not pay additional tryouts fees.

10.5 If a player is rostered to the higher age level team, the following year the player will provide written notification to the QRMHA Administrator of their intent to try out for the higher age group no less than 30 days before the start of tryouts. The independent evaluator(s) will confer with the Coach and QRMHA Coach Mentor if available, to determine if an evaluation is necessary.

6. All decisions are final and not appealable.
7. If there is no programming at the player's birth year age level, this policy does not apply.
8. Teams are limited to rostering a total of two underage players.

Revised February 2025

11 Registration Refund Policy

This policy is to address situations in which a registered player with the QRMHA withdraws or otherwise leaves the QRMHA following being picked for a team and requests a refund of registration fees paid.

1. The first installment paid of the Registration Fee is non-refundable, except in exceptional circumstances as determined by the Board. Remaining registration fees paid are eligible for refund as determined by the following criteria.
2. The fraction of remaining regular season games to be played at the time of the approved roster deletion determine the fraction of registration fees eligible for refund. Full registration must be paid for the full refund to be issued.

The following example is based on a total registration fee of \$2,200 fully paid, of which \$600.00 (first installment) is non-refundable, leaving an eligible for refund amount of \$1,600.00.

Example 1: On October 15th a player roster deletion is approved. As of that date, the team has played 12 games (1/3rd) of their 36 game season. Consequently, the Association will refund 2/3rds of the eligible \$1,600, i.e. \$1,066.66.

2,200 - \$600.00 (1st installment, paid at signing) = \$1,600
\$1,600 divided by 36 games = \$44.44 per game
\$44.44 X 24 (games remaining) = \$1,066.66

Total refundable: \$2,200 - \$600.00 1st installment fee = \$1,600
\$1,600 – \$533.28 (12 games played @ \$44.44 per game) = \$1066.72

3. No refunds after November 30th.
4. All Request for Refunds must be in writing and submitted to QRMHA for approval by the QRMHA Board of Directors.
5. Refund Requests and subsequent requests to be removed from the roster due to injuries must be accompanied by a Doctors Certificate.

6. Refunds will not be granted for games lost due to injuries, illness or otherwise unless the Board of Directors declares otherwise.

Amended December 7, 2021

12 Team Expenses

12.1 Teams are responsible for mileage for non-parent Head Coaches only, for Away games and tournaments. The expectation is that bench staff will travel together to reduce costs. Mileage is set at a rate of .55cents / km.

12.2 Teams (with four person benches) are responsible for two hotel rooms for non-parent bench staff at Tournaments and overnight at Barrie/NCP weekend(s) if that is in the team's schedule. Staff are expected to share, 2 to a room. Teams are responsible for two rooms at double occupancy or up to a maximum of four rooms at single occupancy with the team and coaches each paying half the value of each room.

12.2.1 Exceptions to the is rule include teams with five-person benches or where the gender of staff dictates having their own room. In these instances, teams will be responsible for two room at double occupancy and one room at single occupancy.

12.3 All non-parent bench staff receive a stipend of \$50 per day for tournaments or other games where an overnight is scheduled, like Barrie/NCP.

12.4 If when registration fee rates are set, a HC has not yet named all their bench staff, \$500 is budgeted for any Asst. Coach that has not been named. If an Asst. Coach is eligible for a higher honorarium based on QRD's pay grid, the difference above \$500.00 becomes a team expense.

13 Failure to Pay Registration and/or Team Fees

13.1 Quinte Regional Minor Hockey Association annually develops and shares a payment schedule for registration fees and team sponsorship fees with all membership. QRMHA ensures that all membership is informed of the Association's Benevolent Fund and process to access the benevolent funds to offset some of the costs associated with registration. QRMHA is mindful of the costs associated with playing hockey and is committed to collecting fees in a manner that is both respectful to individual families and responsible to the membership at large.

13.2 All QRMHA registration fees and team sponsorship fees must be paid prior to November 1st. each season.

13.3 All participants with fees owing on November 15th and no payment plan will be suspended until such time as fees are paid or a payment plan is in place. Families will be informed of a suspension in writing by QRMHA's Administrator or by a member of the QRMHA Executive.

13.4 Payment plans should be designed to end no later than December 31st unless approved by the QRMHA Board of Directors.

13.5 Any participant who delinquent in two (2) or more payments will be suspended until all fees are paid in full.

13.6 All fees owing from past seasons will be required to be paid prior to player registration in the current season.

At the beginning of the season, all players are required to complete the ImPACT Baseline Test. The cost of the Baseline Test will be covered by the association. U 10 and U 11 teams will complete the ImPACT Pediatric Baseline Test. U 12, U 13, U 14, U 15, U16, U 18 will complete the ImPACT Sport Baseline Test. All Baseline testing will be completed and supervised with Quinte's Head Trainer, Jackie Jarrell.

The ImPACT test (Immediate Post-Concussion Assessment and Cognitive Testing) is the most widely used computerized concussion evaluation system which helps to determine how well a brain is functioning. The ImPACT Test provides information such as memory, speed, concentration and reaction time which has been shown effective in the diagnosis and management of concussions. If a concussion is suspected throughout the season, the baseline report will serve as a comparison to a repeat ImPACT Test.

Any player who has a suspected head injury by a trainer, coach or parent must first receive Medical Clearance from a MEDICAL DOCTOR and successfully complete a post injury ImPACT test with Quinte's Head Trainer before returning to play. The Post-Injury Test cost is covered by the QRD Association. If there is any discrepancy between the two, then a second medical opinion will be required before returning to play.

If a player in the organization sustains a concussion, Quinte's Head Trainer, Jackie Jarrell will work with the Team Trainer and injured player to be sure the proper Return-To-Play protocol is followed.

Returning to Play After Injury

After QRD players sustain an injury and are cleared to play by a Medical Doctor, they must successfully skate in a full team practice where the coaching staff has the right to determine when they will be back playing in a game.

All fractures and neurological injuries including spinal injuries, hospitalization and concussions must be signed off by a MEDICAL DOCTOR.

Terminology

The following are definitions that may be used to determine the grounds on which the complaint is made and the process to address it. They are meant as a supplement to the definitions found within QRMHA Code of Conduct as well as the OMHA. QRMHA acknowledges and supports Hockey Canada's definitions of bullying, harassment and abuse.

Misconduct

Misconduct refers to the behaviour or a pattern of behaviour that is found, by a formal (ie, an independent investigation) or informal process (ie, an internal fact finding) to be contrary to the QRMHA Code of Conduct and that is not harassment, abuse or bullying.

Bullying

Bullying describes behaviors that are similar to harassment, but occur between child and youth that are not addressed under human rights laws. Bullying is intentionally (or nonintentional) hurting someone in order to insult, humiliate, degrade or exclude him or her. There are a number of specific categories of Bullying, as set out below:

Physical Bullying: Hitting, shoving, kicking, spitting on, grabbing, beating others up, damaging or stealing another person's property.

Verbal Bullying: Name calling, hurtful teasing, humiliating or threatening someone, degrading behaviors; may happen over the phone, through text messaging or chat rooms, through social media sites, in notes or in person.

Relational Bullying: Trying to cut off victims from social connection by convincing peers to exclude or reject a certain person. This may happen in person, over the phone, through the computer.

Reactive Bullying: Engaging in bullying as well as provoking bullies to attack by taunting them.

Cyber Bullying: Involves the use of information and communication technologies such as email, cell phones and text messaging, camera phones, instant messaging, social networking sites such as Facebook and Twitter, defamatory personal websites, to support deliberate, repeated and hostile behavior by an individual or group that is intended to harm others, threaten, harass, embarrass, social exclude or damage reputations and friendships.

Harassment

Harassment is defined as conduct, gestures or comments which are insulting, intimidating, humiliating, hurtful, malicious, degrading or otherwise offensive to an individual or group of individuals which create a hostile or intimidating environment for work or sports activities, or which negatively affect performance or work

Any of the different forms of harassment must be based on a prohibited ground of discrimination in human rights legislation, including race, ethnicity, colour, religion, age, sex, marital status, family status, disability, pardoned conviction and sexual orientation.

Abuse

Child abuse is any form of physical, emotional and / or sexual mistreatment or lack of care which causes physical injury or emotional damage to a child. A common characteristic of all forms of abuse against children and youth is an abuse of power or authority and / or breach of trust. Abuse is an issue of child protection. Protection refers to provincial, territorial or Aboriginal band-appointed child protective services. A child may be need of protection from harm if abuse or neglect is suspected. Information about one's legal duty to report and circumstances under which reporting must occur according to child protection legislation is available at www.hockeycanada.ca.

Emotional Abuse

Emotional abuse is a chronic attack on a child or youth's self-esteem; it is psychologically destructive behavior by a person in a position of power, authority or trust. It can take the form

of name-calling, threatening, ridiculing, berating, intimidating, isolating, hazing or ignoring the child or youth's needs.

Physical Abuse

Physical abuse is when a person in a position of power or trust purposefully injures or threatens to injure a child or youth. This may take the form of slapping, hitting, shaking, kicking, pulling hair or ears, throwing, shoving, grabbing, hazing or excessive exercise as a form of punishment.

Neglect A general definition of neglect is the chronic inattention to the basic necessities of life such as clothing, shelter, nutritious diets, education, good hygiene, supervision, medical and dental care, adequate rest, safe environment, moral guidance and discipline, exercise and fresh air. Neglect may apply in a hockey setting where there is a chronic inattention in the hockey context (ie, when a player is made to play with injuries).

Sexual Abuse Sexual abuse is when a child or youth is used by a child or youth with more power or an adult for his or her own sexual stimulation or gratification. There are two categories of sexual abuse: contact and non-contact.
